

# Chaos + Anarchy / Song

of the Cities are the New Frontier  
There are no limits to our  
Lawlessness By any means  
necessary, Manifesto a New  
THEORY + ACTION  
there is no longer any  
distinction between them!

Politics = is How we live  
Future of our struggle  
Crime in the streets  
Blind eyes of Amerika - Pie  
Justice! Are we all criminals  
Good we like it like that  
IN order to survive we  
steal, cheat, lie, Deal, kill,  
and Die, just to get High  
just to get by  
the Future belongs to the  
Free spirit of the criminal  
the outlaw oath we take  
Property is target, All Policemen are  
the ENEMY
